

OCS[®]SMART

INTELLIGENT BLUETOOTH LOCKING
SYSTEMS FOR THE SMART **HEALTH &
FITNESS** MANAGER

INTELLIGENT LOCKING SYSTEMS

MEMBER RETENTION IN HEALTH AND FITNESS FACILITIES IS INCREASINGLY DRIVEN BY THE MEMBER EXPERIENCE

From reception to juice bar to the locker room, members expect a stress free and secure environment.

The locker lock is a key part of that experience which management need to easily program, control monitor and maintain for smooth operation and ultimately member satisfaction.

OJMAR NEWS OCS SMART, BLUETOOTH ENABLED LOCKER LOCK ADDS SLEEK DESIGN, ENHANCED FEATURES AND TOUCH FREE CONTROL IN A DEMANDING WORLD

Forget broken padlocks, and £1 coins buried at the bottom of gym bags, we provide technologically advanced solutions that are intuitive and sit seamlessly within a premium aesthetic.

From keypads to RFID wristbands...

NOW TOUCH-FREE BLUETOOTH SOLUTIONS USING THE MEMBERS' OWN SMARTPHONE OR SMARTWATCH, WE HAVE A SOLUTION FOR EVERY FORWARD-THINKING OPERATOR.

THE OCS SMART LOCK A KEY-FREE LOCK

THE OCS SMART LOCK IS A STATE-OF-THE-ART KEY TOUCHPAD LOCK, WHICH CAN ALSO BE OPERATED VIA AN APP ON A SMARTPHONE

The lock can be operated by the touchpad, or by downloading the **Ojmar app** which allows the user to lock and unlock the locker with the user's own Smartphone, completely contact-free.

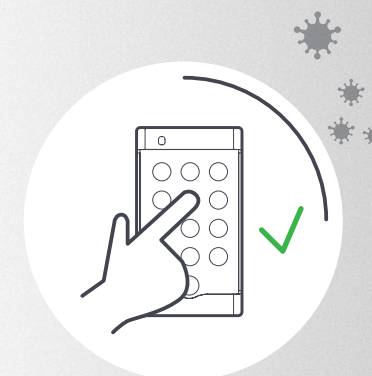

With the OCS Smart, health and Fitness managers have full control of the lock and can set, change or delete features or functions via the keypad or by Bluetooth connection to the lock using a downloadable secure **management App**.

The Ojmar Smart has a **ready to go SDK** (Software Development Kit) that can be easily integrated into the Health and Fitness operators APP if required.

CLEAN AND SAFE

The touch-free entry via a smartphone is the ultimate in hygienic locker use.

There is also the option to add an **antibacterial surface** to the keypad which, having no buttons, is easy to wipe and clean.

FULLY MANAGED SOLUTION

THE OCS SMART LOCK COMES WITH A DEDICATED MANAGEMENT APP

...which allows remote unlocking.

The app also facilitates a full audit of every lock, supporting ongoing maintenance.

Locks can be set to either free or dedicated mode to help manage casual use and long-term hire.

During COVID-19 restrictions, certain lockers, or areas of lockers, can be temporality de-activated to support social distancing, by simply selecting them on the app.

AT THE HEART OF THE NEW OCS SMART IS STYLE, CONVENIENCE, SAFETY AND SECURITY FOR MANAGERS AND USERS ALIKE IN A CHANGING AND DEMANDING WORLD
